

Eclipsing the Taj Mahal

Taj Mahal attracts a large number of tourists. UNESCO documented 7-8 million visitors in 2014. Taj Mahal appears in several listings of “Seven wonders of the world.”

Exclipsing and out shining such master piece of architect is unfair. According to principles of sovereignty set by UNESCO in which a state is bound to work in accordance with charter of United nation and principles of international laws to protect and promote the diversity of cultural expressions in their state. In fact Taj Mahal is a master piece of Muslims architects.
