

Eclipsing the Taj Mahal

Taj Mahal has been declared world heritage in 1983 by UNESCO and in 2007 it has been declared one of the Seven new wonders of the world. These declarations Prove that it is international master piece of architecture.

Therefore it is the responsibility of the world Organization “UNO” to look after that mausoleum and maintain its status as ‘World heritage ‘, It should not be left in the hands of the petty minded Hindus extremist, otherwise India should be declared a fanatic state that has no tolerance for other ideologies.
