DAWN.COM/ e-paper***

The article reflects the bigoted mentality of BJP’s government for minorities / Muslims as it decided to exclude **Taj Mahal** from its tourist site and cultural history. The decision revealed the grudge of Hindu extremists for the Muslims.

Their narrow vision will result in the destruction of Indian history and culture during Mughal dynasty. It will also tarnish the image of India as a secular government.

It will distort the identity of Indian’s nation and international tourism will also be badly affected.
